# Are You Smarter than the CDA?

2017 Data Coordinators' Conference

Jocelyn Lewis & Chara Heskett
Texas Juvenile Justice Department

### Rules of the Game

- $\blacksquare$  Teams of 6 8 (preferably your table).
- One round of questions with 5 topic choices.
- Each team will choose a question, round robin style.
- The first team to raise their flag with an answer will be called on.
  - If they answer correctly, their team wins the points and we move on to the next question.
  - If they answer incorrectly, we will have another round of flag-raising.
- If two teams answer incorrectly in a row, we will reveal the answer then move on to the next question.
  - No lost points for incorrect answers.
- The team with the most points at the end of the game WINS!

A juvenile must be on

to be placed in
a secure or non-secure
residential facility.

Supervision

The 7-digit ID code for a secure correctional placement facility registered with TJJD can be found here.

TJJD Juvenile Facility
Registry

A juvenile is in an RTC placement facility and moves to a detention facility to stabilize his uncontrollable behavior. How many days can the placement record and the detention record overlap?

No more than 3 days

#### DAILY DOUBLE!!!

Placements 800 Acceptable referral types for a referral attached to a placement record.

- Formal
- Paper-Formalized
- Interim/Permanent Transfer
  - Interstate Compact
  - Contract Placement

Acceptable placement service types for the Mental Health Services funding source and it's blended equivalent funding source.

- Mental Health
  - Sex Offender

This occurs when a referral that began as a Paper
Complaint is later formalized with face-to-face contact

Paper Formalized

If the department intends to file a motion to modify based on a technical violation, this type of referral should be created.

Formal Referral

These two offenses should not be used on formal, paper-formalized, or transfer referral types.

- Not Specified
- Crisis Intervention

Only departments
receiving Grant S or T
funds from TJJD should use
this referral type.

Prevention/Intervention
(PI) referral type

A juvenile violates his probation supervision and is committed to TJJD. How should this be recorded?

- 1. Create a new referral for the Violation
- Enter the TJJD Commitment disposition

This is designed to provide help, assistance, or support to youth with suspected or confirmed behavioral health needs; is a one-time event; and is NOT associated with a program.

Behavioral Health Service

## Three possible criteria for identifying a youth as having a Mental Health Need include....

- Mental illness diagnosis
- Serious emotional, behavioral, or mental disorders
- Current suicide attempt or suicidal ideations
- Caution or warning on subsequent MAYSI-II or other screener
  - Mental health flag on PACT full assessment
- Currently receiving mental health treatment
  - Currently taking psychotropic medication
- Exposed to trauma and is currently experiencing mental health symptoms
  - History of MH needs but not currently symptomatic

This Mental Health Needs
Source should only be used
if the primary indicator
refers to the MAYSI or
PACT.

Screener/Assessment

A psychological evaluation should be recorded as two record types in your case management system?

- 1. Psychological Test record
- 2. Behavioral Health
  Services record as an
  Assessment

#### DAILY DOUBLE!!!

Mental & Behavioral Health 1000

These are not mental disorders as defined in the DSM-5 and are typically denoted by either a 'V' or 'Z' in front of their diagnostic code.

Other Conditions that may be a Focus of Clinical Attention

The accepted referral types for a referral attached to a detention record include...

- Formal
- Paper-Formalized
- Contract Detention

The Contract Detention referral type should only be used by...

The <u>receiving</u> county of a contract detention

A juvenile leaves detention to attend a court hearing then returns to the facility. The detention record is closed when the juvenile leaves, then a second detention record is created when the juvenile returns. What is wrong with this data entry?

Leaving detention to attend a court hearing is <u>NOT</u> considered a release from detention.

A MAYSI must be administered within this number of days/hours after a juvenile is detained.

2 days or 48 hours

A youth is referred, detained, and released. While awaiting court disposition, the youth is detained a second time.

The correct way to enter this second detention is...

This is a second detention attached to the original referral.

For these two offense types, a juvenile <u>cannot</u> receive a TJJD commitment disposition.

- CINS/Status
- Misdemeanor

A referral disposed to deferred prosecution or probation should have a corresponding...

Deferred prosecution or probation supervision record

These dispositions do not require data entry of a Risk Level and Needs level.

- Dropped
- Dismissed
- Non-suited

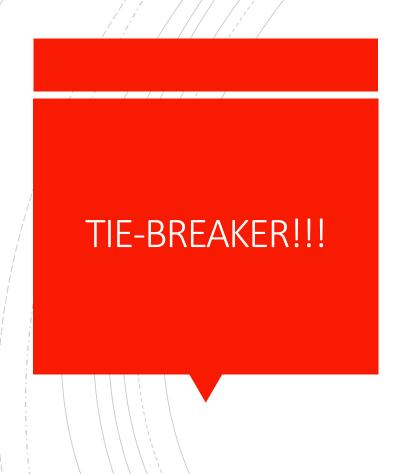

If a juvenile is given a TJJD

Determinate Commitment
disposition for violating a court
order of Determinate Sentence
Probation, the violation offense
charged should be...

- VIOL OF COURT ORDER (DET SENT PROB) TECHNICAL
- VIOL OF COURT ORDER (DET SENT PROB) NEW OFFENSE

A juvenile receives a TJJD
Indeterminate Commitment
disposition on the same date for
an AGG ROBBERY referral and a
VIOL OF COURT ORDER TECHNICAL referral.
What disposition should be
entered on each referral?

- TJJD Indeterminate Commitment for the AGG ROBBERY referral
- Consolidated and Disposed with Another Case for the VIOL OF COURT ORDER – TECHNICAL referral

Youth in this type of program should not be under active supervision.

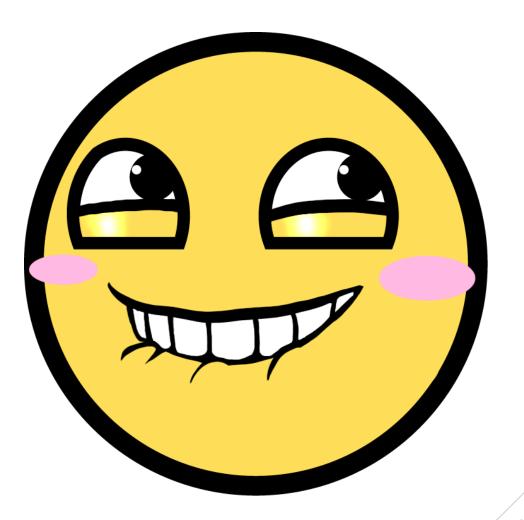

TJJD Grant S or T funded prevention/intervention program

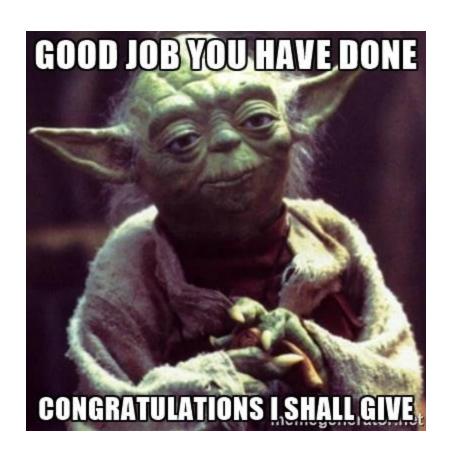

The correct 3-step procedure for recording a juvenile who fails his deferred prosecution, is taken to court, and receives an adjudication to probation is...

- Add Adjudicated to Probation as the subsequent disposition on the original referral.
- Close deferred supervision record with Failure to Comply.
- 3. Create probation supervision record.

And the winner is....
